

Nectar technocast Is a leading manufacturer of ferrous investment casting by lost wax process, established in 2009. Nectar technocast Is one of the best manufacturing groups and pioneering organizations having in-house advanced technologies with the latest technical know-how to develop and manufacture various Investment Castings components with the highest quality, functionality, and cost-effectiveness.

 **Smart Plus**

LMW MAKE – SMART TURN PLUS (CNC TURNING)

Specification

8" Chunk

6 Nos of Machine

 **LL20T L5**

LMW MAKE – LL20T L5 (CNC TURNING)

Specification

10" Chunk

4 Nos of Machine

 **LL25T L7**

LMW MAKE – LL25T L7 (CNC TURNING)

Specification

10" Chunk

4 Nos of Machine

 **JV 80**

LMW MAKE – JV80 (CNC MILLING)

Specification

Table Size 1050 X 500 X 600

2 Nos of Machine

LMW MAKE – JV55 (CNC MILLING)

Specification

Table Size 1050 x 475 x 500

2 Nos of Machine

CMM PICTURE

- Mitutoyo CMM Crysta-Apex V with Universal Renishaw Probe.
- Size = (700mm (X axis) X 1000mm (Yaxis) X 600mm (Z axis) =
- 1). Geopak
- 2). Part Manager
- 3). CAT1000P
- 4). CAT1000S
- 5). Scanpak – 2D contour analysis
